

Washington State Domestic Extremism & Mass Violence Task Force – June 12, 2026

Laurie Layne	Hi I also believe that youth participation is already being done through student activities like FFA, and Decca! This again would fare better if there was freedom to genuine input. Seems a general chilling of this by choice. 2 constitutions allow for freedom of speech Washington state and US Constitution. We need to foster stronger communities instead of seeking to divide them. Thank you.
